**Subject:** Re: Feb 1 meeting w/ SWRCB Mgt - Solicitation of agenda items

Hi John: I've never been invited to one of these meetings, so I don't know how they work.

I could speak to one or more of the topics listed below pertaining to the Bay Delta Program (items 1 & 2 are interrelated):

1. Status of our review on the Phase 1 WQCP (for the South Delta and lower SJR).
2. The 'Top 4' points made by scientists who gathered at the recent Freshwater Flow symposium at UC Davis.
3. EPA's partnership with the Regional Water Board (Central Valley) to advance design & implementation of the Delta RMP.
4. New questions for how the State would craft the 401 Certification for the construction of the BDCP's Twin Tunnels.

Please advise. Tim

**Subject:** Feb 1 meeting w/ SWRCB Mgt - Solicitation of agenda items

Hi Everyone - Please let me know by COB this Thursday if you have any suggested agenda items for next Friday's bimonthly meeting with SWRCB management. The meeting will be held from 10-noon in room 1209.

Recall that the follow-up items from our last meeting included a few 106 grant matters, as well as staying

in touch regarding RB8's REC criteria and possible objections to RB5 NPDES permits. I anticipate that we'll include agenda items on these topics in addition to our normal Bay Delta and ULO updates. We should also provide the SWRCB a rundown on the retirements of people who've worked closely with them.

Please let me know your ideas for other agenda items.

Thanks!
